

Sting - Its Probably Me

intro C 4x D

If the night turned cold and the stars looked down
And you hug yourself on the cold cold ground

You wake the morning in a stranger's coat

But no one would you see...

You'd ask yourself, who'd watch for me?

My only friend, who could it be?

It's hard to say it, I hate to say it.

But it's probably me...

When you belly's empty and the hunger's so real
You're too proud to beg and too dumb to steal
You search the city for your only friend
No one would you see...

You ask yourself, who'd watch for me?
A solitary voice to speak out and set me free.
I hate to say it, I hate to say it,
But it's probably me...

You're not the easiest person I ever got to know
And it's hard for us both to let our feelings show

Some would say I should let you go your way

You'll only make me cry...

Well, if there's one guy, just one guy

Who'd lay down his life for you and die

I hate to say it, I hate to say it,

But it's probably me...
